

Survey: Computer Use Among Upward Bound Students  
Compiled: 06/23/2009

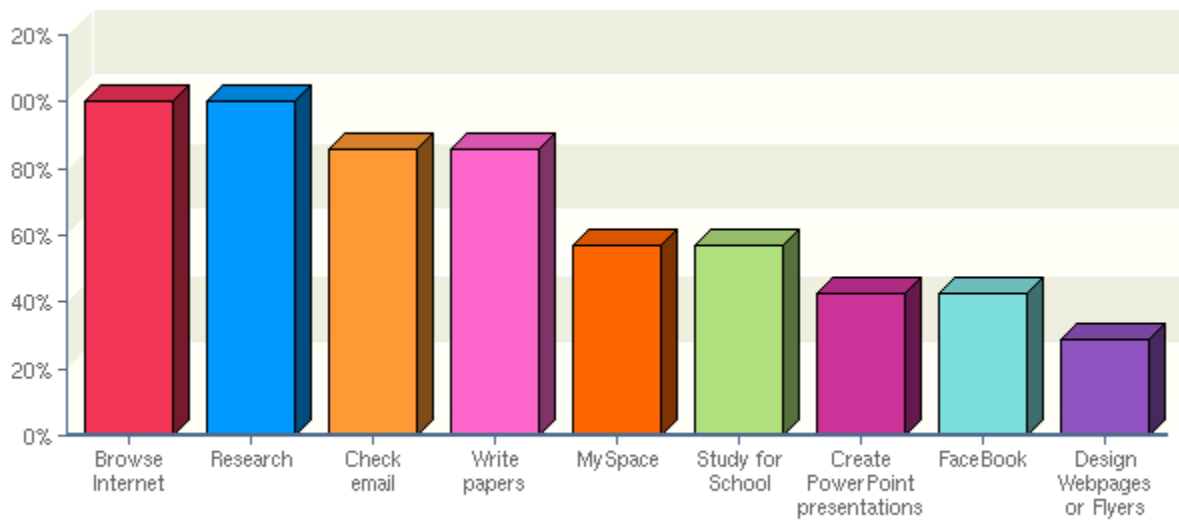

1. Do you have Internet access at home?

2. Do you have a computer access at home?

### 3. What do you use the computer for?

SUMMARY		
VALUE	COUNT	PERCENT %
Browse Internet	7	100.00%
Research	7	100.00%
Check email	6	85.71%
Write papers	6	85.71%
MySpace	4	57.14%
Study for School	4	57.14%
Create PowerPoint presentations	3	42.86%
FaceBook	3	42.86%
Design Webpages or Flyers	2	28.57%

**Appendix: 4.**  
**How do you use the computer at home?**

DATA	
CODE	VALUE
34561682	Everyday
34773703	To write papers, for AIM and MySpace, and to do graphic design work for my dad.
34773619	I use very frequently to write papers for my english courses, and I also use the computer to chat with friends, and stay posted on my grades at my school.
34773887	I use the computer at home for many different reasons. The main reason i use it, is to listen to music.
34773718	i browse A LOT! and i am a master of Google i can find many songs that i forgot the names but i know a little phrase or such and ill find it in a matter of 5 minutes or less.
34773411	At home I use the computer to watch movies and play games. I also do any school related work such as typing papers and doing research.
34773908	Mostly for iTunes right now, but also for typing papers and rolling around on the internet.

Appendix: 5.  
How do you use the computer at school?

DATA	
CODE	VALUE
34561682	Everyday
34773703	Write papers, play computer games, do research
34773619	Most oftenly I use the computer at school for research on the work in class or for upcoming presentations, and other technological tools.
34773887	At school i mostly use the computer to finish papers or do extra research.
34773718	i print pictures for my art class. I get pages for my research papers.
34773411	At school I use the computer to type papers and do research or projects on powerpoint.
34773908	I pretty much use Moodle and play games(FC).

Appendix: 6.  
What do you hope to get out of the UB Technology Club this summer?

DATA	
CODE	VALUE
34561682	Learn how to create a video
34773703	Learn to use the computer creatively for graphic design work. I'd like to learn about animation.
34773619	I hope to benefit my web design skills, while at the same time help UB benefit in the fact that this new website will allow UB to reach out to a broader range of students, teachers and parents.
34773887	I want to improve the communications between students and teachers within the program.
34773718	learn how to do some new stuff that is cool and i don't know how to do already or use my skills whatever works.
34773411	I hope to get a whole new experience with technology this summer and learn how use the computer for many different things other than what I'm used to.
34773908	A better understanding of computers and web design.

**Appendix: 7.****How do you think an Upward Bound website could help you with school?**

DATA	
CODE	VALUE
34561682	Resources to help me study!
34773703	I could get some of the information I need to know about THIS upward bound program that I don't find on the ESU site. It's more personal, actually dealing with the students here.
34773619	It will allow me and many other students to communicate with the teachers here at UB; allowing us to receive more attention to our learning than we may experience at our home schools.
34773887	An Upward bound website could help me in school, by answering any questions i have throughout the school year, on homework, college papers, or any everyday problem.
34773718	i wont forget my homework from ub. i can get more in contact with my ub family and it can be specific place to talk to anyone from ub.
34773411	I think an Upward Bound website could help with school by providing the necessary information about assignments and notes during the academic year.
34773908	I can stay up to date with assignments and events.
